 - a. **Pastern**
 - b. Cornet
 - c. Wrist joint

2. Adult liver fluke are found in the _____?
 - a. Kidneys
 - b. **Bile ducts**
 - c. intestines

3. Southdown breed of sheep are most noted for its _____?
 - a. **Meatiness**
 - b. Fine wool production
 - c. Large frame size

4. Grass staggers is caused by _____?
 - a. Cobalt deficiency
 - b. Too much Sodium Chloride
 - c. **Magnesium deficiency**

5. The wool covering a sheep is called?
 - a. A coat
 - b. **Fleece**
 - c. Jacket

6. Bloat is commonly caused by
 - a. Poor water supply
 - b. Lack of exercise
 - c. **Clover dominant pasture**

7. What is the average gestation time (length of pregnancy) of a sheep?
- 180 days
 - 120 days
 - 150 days**
8. Which country produces the most wool annually?
- Australia**
 - New Zealand
 - China
9. Foot and Mouth Disease is caused by a _____?
- Virus**
 - Bacterium
 - Fungus
10. Which breed of sheep has the finest wool?
- Suffolk
 - Merino**
 - Wiltshire
11. Johne's Disease is _____?
- A disease that causes inflammation on the mammary gland
 - A chronic wasting disease that can affect sheep**
 - A disease that makes wool on a sheep look grey
12. Drench Resistance is _____?
- The ability of sheep to resist worm infections
 - Lambs that fight when you try to drench them
 - Worms developing immunity to drenches**
13. What is the natural fat extracted from sheep wool?
- Wax
 - Lanolin**
 - Grease
14. Facial Eczema affects what major internal organ?
- Liver**
 - Kidney
 - Stomach

15. What element deficiency causes Goiter in sheep?

- a. **Iodine**
- b. Magnesium
- c. Cobalt

16. What is the naturally formed cluster of fibres in a fleece called?

- a. **Staple**
- b. Lock
- c. Yarn

17. How many teeth on a standard shearing comb?

- a. 11
- b. **13**
- c. 15

18. What hormone produced by legumes can suppress ovulation?

- a. **Oestrogen**
- b. Progestogen
- c. Testosterone

19. What is the chemical Symbol for Copper?

- a. Co
- b. Cp
- c. **Cu**

20. What two types of sheep make up a Coopworth breed?

- a. **Romney and Border Leicester**
- b. Romney and Corridale
- c. Romney and Perendale

21. Which of the following is considered to be an internal parasite?

- a. Lice
- b. **Nasal bot**
- c. Mange mite

22. Which hardy hill breed of sheep is known for the water shedding properties of its fleece?

- a. **Scottish Blackface**
- b. Border Leicester
- c. Dorpor

23. A castrated male sheep is called a _____?

- a. Ram
- b. **Wether**
- c. Hogget

24. What is the name of meat from sheep that is over two years old?

- a. **Mutton**
- b. Chevon
- c. Lamb

25. In 1977 the first ever Shearing World Championships was held in _____?

- a. **England**
- b. Scotland
