TeenAg is a challenging, fun and practical Competition. Expect to be pushed to the limit both mentally and physically!  
 The competition consists of a series of skills-based tasks; most with a farming flavour. Activities can include topics as diverse as fencing, health and safety, stock work and identifying all manner of farming equipment. Communication and teamwork also play a vital role, so if you have common sense and a good level of general knowledge - you'll feel right at home!
